DETAILED ACTION

Election/Restrictions

1. This application contains claims directed to the following patentably distinct species:

Specie 1: Fig. 7;

Specie 2: Figs. 8-9, 17-18;

Specie 3: Fig. 10;

Specie 4: Fig. 11;

Specie 5: Fig. 16;

Specie 6: Fig. 19;

Specie 7: Fig. 20;

Specie 8: Fig. 21;

Specie 9: Figs. 22-24;

Specie 10: Figs. 25-27;

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, none of the claims are generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations of an allowable generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).

2. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
